

The Nuclear and Radiological Engineering Division (NRE) of ASEE invites papers for the 2011 Annual Conference and Exposition.

Engineers and scientists in academic, industrial, and government sectors from across the world are encouraged to submit current papers on any relevant topic on nuclear and radiological engineering and technology education. Additional areas of interest include design and performance, joint NASA-university programs, innovative education methods, senior projects, and other project competitions.

To present your work at the conference, an abstract and full paper must be submitted and accepted. Abstracts and papers will be blind peer reviewed and judged based on the level of innovation, technical merit, demonstrated outcomes, and relevance to advancing nuclear and radiological engineering and technology education as appropriate.

Questions regarding the abstract or paper submission can be directed to the NRE Program Chair, Dr. Sukesh Aghara, Associate Professor; Roy G. Perry College of Engineering, Chemical Engineering Department, P. O. Box 519, Mailstop 2505, Prairie View A&M University, Prairie View, Texas 77446-0519.
