

Call for Sessions and Papers

CIEC 2012

2012 CIEC Conference
Orlando, FL * February 1 – 3, 2012

Conference Theme:

Expanding the Workforce Pipeline: Beyond K-12

Philosophy: ASEE has recently highlighted K-12 (“Pipeline”) initiatives as well as the challenges in the current workforce. These initiatives, along with the 2011 Conference theme, *Transforming the Education of Future Generations in Engineering and Engineering Technology*, lead to a continuation of the dialogue on ‘future generations’ and ‘transformation of education’. The 2012 theme provides the opportunity and encourages discussion on theory and applications with regard to the working professional as many in the workforce now are some of the first ‘products’ of the K-12 initiatives.

If you have an idea for a session, paper or presentation that relates to the conference theme and the collaboration of industry, government, and education to accomplish these tasks, please submit your proposal to **one of the four** Division Program Chairs listed below.

Deadline for submission is March 18, 2011.

Participating Divisions

College-Industry Partnerships (CIP)
Continuing Professional Development (CPD)
Cooperative and Experiential Education
(CEED)
Engineering Technology (ETD)
