

# What is CIEC?

The **Conference for Industry and Education Collaboration (CIEC)** began in 1976 as an annual mid-winter meeting for four divisions of the American Society for Engineering Education (ASEE). The Cooperative and Experiential Education Division (CEED), the College Industry Partnership Division (CIPD), the Continuing Professional Development Division (CPDD), and the Engineering Technology Division (ETD) work together to create a conference that best meets the professional needs of their members and provides interaction and networking opportunities for conference participants.

The 2020 CIEC conference will be at the Hilton Orlando Lake Buena Vista hotel, located a few blocks from downtown Disney. Conference room rates are available three days before the conference and three days after the conference ends based on availability. Room rate is \$215 per night with the resort fee waived for conference participants. Self-parking is only \$2.00 per night. Book your room now at <https://book.passkey.com/go/ASEECIEC2020>.

Conference registration will open on September 2, 2019.

If you would like to participate in the CIEC EXPO and highlight your company or university, contact Hiro Iino at Iowa State University at [hiino@iastate.edu](mailto:hiino@iastate.edu). Linda Schuver has designed a special program for companions. Contact her for more information at [lkschuver@gmail.com](mailto:lkschuver@gmail.com). We hope to see you in Orlando!
