

1. Each session is 90 minutes long and has two papers per session. We will be using consistent timing across all sessions so that people can move freely from one to another.
2. Session presentations are split evenly among papers and include time for questions.
3. Each speaker will have a total of 35 minutes, including a question and answer period.
4. There will be a 10-minute break halfway through the session to allow attendees to switch presentation rooms, if they wish.
