The intended outcome is a summary of best practices on faculty mentoring for research funding success for colleges of engineering based on college size (number of faculty).
5:15 p.m. - 6:30 p.m. Potomac Room III - VI	Networking and Reception
Starting at 6:45 p.m. (off-site event)	<u>Networking Dinners (no-host dinners)</u> Organizer: <i>Brian Ten Eyck, Assistant Dean, Research Development, University of Arizona</i> Last year we piloted an idea of “No-Host Networking Dinners.” These are self-selecting networking dinner groups designed to promote greater interaction between meeting participants. We received generally positive feedback on this pilot, and with some greater coordination in advance of this year’s meeting, we’re hoping everyone who wants to will be able to join a dinner group. We have collected a list of restaurants that are within walking distance of the Hyatt Regency Hotel, and will reach out again soon to find volunteers to serve as hosts for a group of meeting participants. (Note that again these self-selecting networking dinners are optional, and everyone will be expected to pay for their own meal at this event.) Please follow the <u>LINK</u> to pick a venue of your choice and join your ERC colleagues for dinner and conversation.
