

How To Place An Ad

PLACING AN AD

Prism welcomes classified ads for open positions in academe, industry, or government; positions wanted; short courses; seminars; meetings; and conferences. Using the same process and for the same price, you may also publish a congratulatory ad to honor institutional or individual achievements, or publish an In Memoriam obituary for a colleague. You may either submit your ad electronically or send it via email to obtain a price quote. If you decide to submit your ad electronically, you will first have to create an account with ASEE--it's free! Price quotes and confirmation emails will include the monthly cost of your ad, though you may want to run your ad consecutively when choosing preferred publication month(s). If you have a question regarding this policy, please feel free to contact the advertising manager.

RATES

Standard ads appear in single-column format and are charged at \$3.25 per word (member price) and \$3.50 (non-member price).

Display ads are set in larger type, have enclosed borders, and may also include logos. Black-and-white logos are free; we ask that you send your logo in a separate file from your ad text. Your logo must appear in either JPEG or TIF high-resolution format at 300 dpi.

Please contact Paula Whitley, Classified Advertising Manager, at (202) 331-3528 for display dimensions and ad prices, or visit the classified advertising website at: <http://www.asee.org/sales-and-marketing/advertising/classified-advertising/how-to-place-an-ad>.

ADS CAN BE SENT VIA

WEB:

www.asee.org/addaclassified

EMAIL:

p.whitley@asee.org or classifieds@asee.org

Mail:

ASEE PRISM
1818 N Street, NW, Suite 600
Washington, DC 20036

JOB BANK

The ads are accessible to the public once you give us your approval to post them. The URL to access the classified ads is: <http://www.asee.org/sales-and-marketing/advertising/classified-advertising/job-postings>.

METHODS OF PAYMENT

We accept purchase orders, checks, and credit cards (Visa or MasterCard) as methods of payment. If you submit your ad by email, please include your contact information, which includes: contact person, billing address, phone number, and fax number. Ads, including those running in consecutive issues, are billed monthly unless your credit card payment or purchase order covers the total cost of your ad appearing in your chosen issues.

CLASSIFIED ADVERTISING DEADLINE

for the March 2018 issue:

February 23, 2018

Deadline dates are subject to change and are posted on the web at: <http://www.asee.org/sales-and-marketing/advertising/classified-advertising/deadlines>.

Please see website for updates.

FACULTY

TENURE AND TENURE-TRACK

CIVIL AND ENVIRONMENTAL ENGINEERING

THE DEPARTMENT OF CIVIL AND ENVIRONMENTAL ENGINEERING (CEE) AT THE UNIVERSITY OF LOUISVILLE invites applications for a tenure-track faculty position in the area of sustainable transportation effective July 2018. This position is expected to be filled at the rank of assistant professor. A Ph.D. degree in civil engineering is required. Professional engineering (PE) licensure or plans to pursue PE registration is expected. This position is part of a multi-year, department-wide thematic cluster hire in the area of infrastructure and sustainability. Candidates with specific research expertise in resilient and sustainable transportation systems are particularly encouraged to apply. All faculty members in the CEE department are expected to develop a strong record of scholarly work and sponsored research. Likewise, candidates are expected to have a strong commitment to undergraduate teaching, as well as to specialized graduate education. A successful candidate is expected to have a focus in sustainability issues related to transportation and civil engineering infrastructure. Faculty members will be expected to work across multiple program areas within the department as we expand our focus on sustainability. Ideally, competitive candidates should have experience and/or training in transportation system

resilience, transportation planning, transportation economics, freight transportation modeling, or infrastructure and transportation policies. The successful candidate will be required to develop and teach undergraduate and graduate coursework focused on general sustainability topics, as well as more traditional areas of civil and environmental engineering. Applicants must provide a cover letter; contact information for three professional references; a candidate statement discussing teaching, research, and professional goals; and a current CV. Application reviews will begin on March 1, 2018 and will continue until the position is filled. The University of Louisville is an Affirmative Action, Equal Opportunity Employer. Please go to <http://louisville.edu/hr/employment/jobs/currentopenings> to send your application.

The UNIVERSITY of OKLAHOMA
Gallogly College of Engineering
School of Electrical and Computer Engineering

The School of Electrical and Computer Engineering at the University of Oklahoma is seeking outstanding candidates to fill a ranked renewable term assistant professor of computer engineering practice position. Applicants must have an earned Ph.D. in electrical or computer engineering or a closely related field. Industrial experience is desirable. Applicants should have a proven track record of effective teaching and an interest in promoting experiential learning. The position will have three-year renewable terms with the opportunity to advance in rank.

Areas of teaching interest for this position include AI, computer architecture, digital design, DSP, embedded systems, FPGAs, GPUs, IoT, microprocessors, and robotics.

To apply, submit a teaching statement, research plan, curriculum vitae, and a list of three references. Review of applications will begin on February 1, 2018, and will continue until the position is filled. The expected start date for the position is August 2018. Visit soe.ou.edu for more information or to apply. The University of Oklahoma is an Equal Opportunity institution: www.ou.edu/eoo.

East Carolina University invites nominations and applications for the position of chair of the department of engineering. The chair of the department will serve as the

department's chief administrative officer and report to the dean of the college. The chair will work closely with the dean and the college's leadership team to achieve the college's shared priorities: maximizing student success, enhancing excellence in academic programs, and advancing research and scholarship. ECU seeks a chair committed to excellence in engineering education and scholarship who will provide support and leadership to the faculty, staff, and students of a maturing general engineering undergraduate program and emerging disciplinary graduate programs.

It is preferred that the chair have an earned terminal degree in a discipline represented in the college, as well as have the qualifications for appointment with permanent tenure at the rank of professor. Qualified candidates will have an established record of professional development and accomplishments as an academic leader at the program or department level, including strategic planning, management of staff and budgets, and faculty recruitment, mentoring, and retention. Visit <http://carterbaldwin.com/opportunities/ecu-che/> to learn more. Interested candidates should submit a letter of interest and CV to: ECUeng@carterbaldwin.com.

Department of Civil and Environmental Engineering Visiting Assistant Professor of Civil Engineering

The Lafayette College Department of Civil and Environmental Engineering (CEE) invites applications for a full-time, visiting Assistant Professor position commencing in August 2018. Candidates must have an earned Ph.D. in civil or mechanical engineering, possess enthusiasm for teaching, and the ability to teach courses in statics and mechanics of materials.

Lafayette College is a small, private, undergraduate-only institution located in eastern Pennsylvania, 70 miles from both New York City and Philadelphia. Lafayette emphasizes superior education in engineering and the liberal arts, placing a strong emphasis on student-faculty interaction in the classroom, in research, and in extracurricular activities. Lafayette College is one of the nation's few undergraduate-only institutions offering an ABET-accredited, BS Civil Engineering degree. Further information about the civil engineering department can be found at <http://ce.lafayette.edu/>.

Applicants should submit a cover letter, a statement of teaching philosophy and interests, a curriculum vitae, and a list of references at apply.interfolio.com/47958.

Application materials should demonstrate the applicant's ability to teach courses in both statics and mechanics of materials and how the applicant's teaching might support Lafayette's commitment to diversity and inclusion articulated in the college's diversity statement (<http://www.lafayette.edu/about/diversity-statement/>).

Review of applications will begin on February 19, 2018. However, applications will be accepted until the position is filled.

Questions about the position should be directed to Prof. Mary Roth, Search Committee Chair, at rothm@lafayette.edu

All qualified candidates are encouraged to apply.

Lafayette College is committed to creating a diverse community: one that is inclusive and responsive, and is supportive of each and all of its faculty, students, and staff. All members of the College community share a responsibility for creating, maintaining, and developing a learning environment in which difference is valued, equity is sought, and inclusiveness is practiced. Lafayette College is an equal opportunity employer and encourages applications from women and minorities.
