# Nominations for ASEE Awards Program

Why not nominate a deserving colleague for an ASEE Award? ASEE awards will be a highlight at the 2005 ASEE Awards Banquet, which will be held during the Annual Conference in Portland, Oregon June 12-15, 2005. Awards being offered, nomination requirements, and online award nomination forms are available on the web at [http://www.asee.org/awards](http://www.asee.org/awards). The deadline for submitting nominations is January 15, 2005. Nominations for Fellow Members can be made until the deadline, February 1, 2005. For questions regarding awards, call Sandra Wingate-Bey at 202-331-3550 or send her an email at s.wingatebey@asee.org. For questions regarding fellow member nominations, call Tim Manicom at 202-331-3519 or send him an email at t.mancorn@asee.org.

# Air Force Summer Faculty Fellowship Program

If you hurry, there is also still time to apply for the Air Force Fellowship Program. This program is intended for U.S. citizens or permanent residents who have an earned doctorate in science or engineering and who hold full-time science or engineering faculty positions at U.S. colleges, community colleges and universities. The summer fellowship is 8-12 continuous weeks, and research is performed at an Air Force facility. There is a competitive weekly stipend, and relocation and daily expense allowances are available. The application deadline is soon B January 7, 2005. For details, go to [http://www.asee.org/sffp](http://www.asee.org/sffp).

# NDSEG Fellowship Program

The same deadline is upcoming for the National Defense Science and Engineering Graduate Fellowship Program (NDSEG), which is sponsored by the U.S. Army, Navy, and Air Force. This program is intended for U.S. citizens or near the beginning of their graduate studies in science and/or engineering programs. The fellowships are for three years. The stipend is $30,500 for year one, $31,000 for year two, and $31,500 for year three. Full tuition and fees and a health insurance allowance are included. Application deadline is January 7, 2005. Go to: [http://www.asee.org/ndseg](http://www.asee.org/ndseg).

# NRL Postdoctoral Fellowship Program

The Naval Research Laboratory program is open to U.S. citizens and legal permanent residents and offers a competitive stipend as well as insurance, relocation, and travel allowances. This program offers one to three year postdoctoral fellowships designed to increase the involvement of scientists and engineers from academia and industry to scientific and technical areas of interest and relevance to the Navy. This program has a rolling admission. Go to: [http://www.asee.org/nrl/](http://www.asee.org/nrl/).

# 4th ASEE/AAEE Global Colloquium

ASEE, partnering with the Australasian Association for Engineering Education (AaeE), will hold the 4th Global Colloquium on Engineering Education Colloquium in Sydney, Australia, from September 26-30, 2005. This event is the major international gathering of leaders in engineering education, and it offers an excellent program of topical themes with speakers selected from around the world for their expertise. The colloquium in Sydney will key on the following themes: globalization of engineering education, the K-12 pipeline and the transformations of the disciplines. See: [http://www.asee.org/international2005/](http://www.asee.org/international2005/).

# SRC and SIA Sponsoring Student Contest

The Semiconductor Research Corporation (SRC) and the Semiconductor Industry Association (SIA) are co-sponsoring a contest open to North American university students and faculty to create novel low-power system-on-chip designs that demonstrate the value of greater systems integration in integrated circuit design. Total prizes amounting to $75,000 will be awarded to winning submissions. The contest will be conducted in two phases with prizes awarded to the top three contestants in each phase. Phase 1 will award cash prizes of $3000, $5000, and $7000. Phase 2 winners will be awarded cash prizes of $25,000, $15,000, $10,000. All monetary prizes will go to the winning team's electrical engineering departments to help further studies in this area. For full information, go to: [http://www.src.org/SoC_wp.asp](http://www.src.org/SoC_wp.asp) or email: Rebecca.Spear@src.org.
