
Engineering Economy Division

The **Engineering Economy Division (EED)** of ASEE seeks papers for presentation at the ASEE Annual Conference and Exposition being held in New Orleans, LA, June 26-29, 2016. Relevant submissions are welcome from all engineering disciplines. Topics of interest include, but are not limited to, economic analysis across engineering disciplines; innovative teaching methods for engineering economy; case studies for the classroom; integrating engineering economy research into the classroom; teaching engineering economy to diverse populations of students; and international aspects of engineering economy education.

Abstract submission details (including the Author's Kit with deadlines and instructions) can be found on ASEE's conference website at:
