

Energy Conversion and Conservation Division Call for Papers

2018 ASEE Annual Conference and Exposition Salt Lake City, Utah, June 24-27, 2018

Abstract submissions deadlines (for Author Kit and additional information, see ASEE Website):

Open = September 5, 2017

Closed = October 16, 2017

The Energy Conversion and Conservation Division (ECCD) invites papers for the 125th ASEE Annual Conference and Exposition to be held June 24-27, 2018 in Salt Lake City, Utah. The division is multi-disciplinary and is honored to share innovative pedagogy related to all forms of energy generation, distribution, use, renewables, smartgrids, and conservation with the engineering education community; especially as the pedagogy relates to the NAE Grand Challenges, the development of the Engineer of 2020, and P-12 Engineering Outreach. Authors should consider submitting technical papers for oral or poster presentations, as well as recommendations for Workshops, Special Panels, Outreach Events, Service Projects, and Nominations for Distinguished Speakers.

Please feel free to contact me with any questions or to discuss ideas!
