

## **CIEC Networking and Golf Outing Invitation**

Dear 2018 CIEC Attendee,

Since you are registered for the 2018 CIEC Conference, I would like to take this opportunity to welcome you to the conference and introduce you to one of the conference events.

Each year, on Friday afternoon of the conference, we organize a Networking and Golf event.

This event is designed to provide opportunities to network with others from the conference, enjoy lunch, dinner, and a round of golf. The format for the golf activity is designed to be enjoyable and accessible for everyone from those with little or no golf experience through experienced golfers.

Thanks to our sponsors, we are able to provide this opportunity at a world class golf facility for a truly low cost. This year we will be at the TPC San Antonio and the registration fee is only \$60. Your registration includes:

- Lunch
- Golf green fees
- Club and cart rentals
- Balls
- Dinner
- Prizes
- Transportation via car pools

All you have to bring is yourself!

First time attendees – this is a great way to get more time to get to know some of the most fun folks at the conference and to start building relationships.

Please consider joining us!

Paul D. Plotkowski  
Dean,  
Padnos College of Engineering & Computing
