LAST CALL FOR NOMINATIONS FOR 1999 ASEE OFFICERS ELECTION. The deadline is May 15, 1998 to submit the names of candidates you would like the ASEE Nominating Committee to select as nominees for the 1999 ASEE officers elections. Officers to be nominated for society-wide positions are: President-elect; Vice President Public Affairs; Vice President Finance; Chair PIC II; and Chair PIC III. Go to http://www.asee.org/about/html/call_for_nominations-1999_elections.htm for details.

'98 ASEE AWARD RECIPIENTS AND FELLOWS ON THE WEB. Click on http://www.asee.org/awards for the list of the current honorees for the 1998 ASEE national, section, and division awards, and for the list of the 1998 ASEE Fellow Members.

ASEE BOARD MEMBERS ARE AWARD WINNERS. John Uhran, Chair Zone I, has been selected to receive one of the two Fluke Corporation Awards to be given this year, and Teresa Hein, Chair PIC III, has been named the winner of the Physics Division’s Distinguished Educator and Service Award.

NEW MEMBERS ELECTED TO EDC BOARD. The following deans have been elected to ASEE's Engineering Deans Council Board of Directors: Roland Haden, Texas A&M University; Carl Locke, University of Kansas-Lawrence; Karl Reid, Oklahoma State University; and Paul Gray, University of California-Berkeley.

WONG IS NEW NSF ENGINEERING AD. The National Science Foundation has appointed Eugene Wong Assistant Director for Engineering, effective June 15. Wong goes to NSF from the University of California-Berkeley and from Vision Software Tools where he is Chief Scientist. Previously, he was Chairman of the Department of Electrical Engineering and Computer Sciences at Berkeley ('85-'89); Associate Director of the White House Office of Science and Technology Policy ('90-'93); and Vice President for R&D at Hong Kong University of Science and Technology ('94-'96). He did his undergraduate and graduate work in electrical engineering at Princeton and was an NSF Postdoctoral Fellow at Cambridge University. Wong is a member of the National Academy of Engineering.

DOD RESEARCH EXHIBITION. In April, the American Association of Universities organized a Capitol Hill exhibit to showcase university research projects supported by DOD funding. ASEE was pleased to sponsor Ohio University's presentation "Streamlining the Military Apparel Issuing Process." The project uses laser technology to collect data on body shape and size and, using the software developed at Ohio University, transfers the data to a central manufacturing facility. Visitors to the booth were shown the process via a computer and video display that illustrated the system from the initial "body scanning" of recruits to the delivery of the final product.

PRISM WINS EDPRESS AWARD. The PRISM design staff has won a 1998 EdPress Distinguished Achievement Award for its sophisticated design treatment of the

MAKE HOTEL RESERVATIONS FOR SEATTLE ANNUAL CONFERENCE. Make your hotel reservations for Seattle if you have not already done so. Hotels are filling up, and the cutoff date is May 29th to get the guaranteed conference rate. The headquarters hotel is the Sheraton Seattle Hotel and Towers, and the Annual Awards Banquet will be held there. To make reservations, use the housing form from the advance program and submit it via fax or mail directly to the housing bureau.

HELP BRING IN A NEW MEMBER. If you know of a faculty member who is not a member of ASEE, remember the Deans Program. This is the program where a dean can offer a faculty member, who has not previously been an ASEE member, two years of free membership. The dean pays for the first year, and ASEE waives the second year's dues. A sister program is the Corporate Advisory Board Program. Under this program, members of your institution's corporate advisory board can be given two years of free ASEE membership. Again, deans are responsible for the first year's dues, and ASEE waives second year's dues. These programs are great opportunities to promote ASEE membership — help spread the word!
