NRL POSTDOC OPPORTUNITY
ASEE administers the Naval Research Laboratory (NRL) Postdoctoral Fellowship Program. This program is open to U.S. citizens and legal permanent residents and offers a competitive stipend as well as insurance, relocation, and travel allowances. This program offers one to three year postdoctoral fellowships designed to increase the involvement of scientists and engineers from academia and industry to scientific and technical areas of interest and relevance to the Navy. This program has a rolling admission. Go to: http://www.asee.org/nrl for full details.

ANNUAL REPORTS DUE MAY 15TH

Board members and Committee chairs are expected to file an Annual Report with headquarters. Please send to Warren Sallade in the executive office, ASEE, 1818 N Street, NW, Washington, DC 20036. This is a requirement dictated by the ASEE Constitution. It can be a simple report covering the name of the council/office, meetings of the unit, significant actions. All annual Reports received by May 15th are attached to the June Board Agenda. Reports are also collated and filed in a permanent archive at headquarters and posted on the ASEE website.

NSF URGES PARTICIPATION IN HAWAII WORKSHOPS

NSF is holding a series of workshops on proposal writing strategies at the 2007 ASEE Annual Conference in Honolulu, HI. NSF urges faculty members planning to attend the Conference to participate. See http://asee.org/conferences/annual/2007/Workshops.cfm.

UNIVERSITY OF MICHIGAN SURVEY

The University of Michigan-Flint Department of Engineering Science is conducting a survey to evaluate the need for globalization of current engineering and engineering technology curricula. Results may be presented in conferences and journal papers. You are invited to respond to the survey (only 10 questions) if you are faculty in an engineering or engineering technology program, or a professional with an engineering or engineering technology degree. Your undergraduate and graduate students may also respond. See: http://www.zoomerang.com/survey.zqi??p=WEB226CMV6D8PM.
