

The **Engineering Design Graphics Division (EDGD)** of ASEE invites authors to submit papers for presentation at the 2017 ASEE Annual Conference and Exposition in Columbus, Ohio. The Division welcomes relevant submissions from all engineering disciplines.

Topics of interest to EDGD include but are not limited to:

- Diversity in Engineering Graphics Education
- Teaching design intent
- Simulation and analysis software dependence on geometric models
- Teaching simulation and analysis software at different levels
- Course content and tools
- Innovative teaching and learning strategies
- Curriculum development
- Learning outcomes and assessment
- Innovative technology
- Product lifecycle management
- Trends in graphics
- Visualization
- Virtual/augmented reality
- 3D modeling in engineering design

Abstract submission details (including the Author's Kit with deadlines and instructions) can be found on ASEE's conference website at: <https://www.asee.org/conferences-and-events/conferences/annual-conference/2017>. Authors of accepted abstracts will be invited to submit full length papers for peer review and inclusion in the conference proceedings.
